Re: Exterior modifications

Dear Homeowners and Residents,

This is a reminder of the rule regarding modifications to the exterior of the homes in the community.

If you are planning on making any change affecting the exterior appearance of your home, including landscaping, either to the front, sides, or rear of your home, please remember that you must obtain **prior written approval** from the Association.

A "Review for Architectural or Landscaping Modification" form must be submitted and approved before the work commences. The Board and Committees have expedited procedures in place that allow for quick approvals. Please take advantage of them so as to prevent the need for retroactive reviews that puts an additional burden on both the homeowner and the Association.

The Board has the right to stop unapproved modifications and request the homeowner to remove it, which can be avoided by following this process.

We thank you in advance for your cooperation in following the Association's Rules and Regulations and trust that you will give this matter your immediate attention and continue to do so in the future.

If you have any questions or need additional information, please call Doral Management at (305) 591-8715.

Sincerely,
For the Board of Directors
